MOBILE COUNTY COMMISSION

The Mobile County Commission met in regular session in the Government Plaza Auditorium, in the City of Mobile, Alabama, on Monday, September 23, 2013, at 10:00 A. M. The following members of the Commission were present: Merceria Ludgood, President, Connie Hudson and Jerry L. Carl, Members. Also present were John F. Pafenbach, County Administrator/Clerk of the Commission, Jay Ross, County Attorney, and Joe W. Ruffer, County Engineer. President Ludgood chaired the meeting.

INVOCATION

The invocation was given by Dr. Mark Wyatt, Senior Pastor, Deeper Life Fellowship Church, 3350 Dawes Road, Mobile, Alabama 36695.

The following is a synopsis of the comments made:

President Ludgood said there were numerous speakers at the meeting today and she requested that they limit their comments to two (2) minutes so that everyone would have a chance to speak.

Helene J. Poling, Sheriff's Department, addressed the Commission and said she works as a Corrections Officer at the Metro Jail. She said she has not received any merit raises or cost-of-living adjustments in her four (4) years with the County. Officer Poling said when she asked her co-workers when does the Commission give employees merit raises and cost-of-living adjustments they told her it has been about six (6) years since County employees received a salary increase and that they did not know anything about cost-of-living adjustments. Officer Poling said when she telephoned a County Commissioner's Office to find out about merit raises, she was ridiculed and told she should be thankful that she had a job. She said she was very grateful to be employed, but all employees deserve cost-of-living adjustments. Officer Poling said groceries were higher than four (4) years ago, gasoline was higher and maintenance of their vehicles for traveling to and from work was higher. She said Corrections Officer's lives were daily at risk and it was inconceivable that they have not received at least cost-of-living adjustments in the last six (6) years. Officer Poling said the eight hundred dollars (\$800.00) she receives bi-weekly was unreasonable and employees were worthy of receiving a salary increase.

Osborn L. Williams, Sheriff's Department, addressed the Commission and said he has worked for the County Commission since 1985, and he has been at the Metro Jail since 1988. He said throughout those years there has been very little

September 23, 2013

compensation for dedicated and self-sacrificing officers who place their lives on the line to keep rapists, robbers and murderers in check. Sergeant Williams said when he met Governor Robert Bentley in Mobile, Alabama at an Airbus event, Governor Bentley said "I just want to thank you guys for all the work you do." He said he has not seen any compensation of the County's coffers in his paycheck to demonstrate that appreciation. Sergeant Williams said he prays that spiritual wisdom guides the Commission to give County employees a salary increase.

Chuck Milliner, Sheriff's Department, addressed the Commission and said he has worked at the Metro Jail for fifteen (15) years. He said if a hurricane occurred in Mobile County the Commissioners and other County employees could leave work and go home, but Corrections Officers must remain at work to guard the inmates. Corporal Milliner said Corrections Officers have to work on Christmas day while everyone else was at home with their families. He said sometimes there was only one (1) Corrections Officer to guard one hundred (100) inmates and that places an officer's life at risk of being harmed by inmates. Corporal Milliner said he chose the profession to be a Corrections Officer, but he did not choose to suffer unfair pay. He said in the past the Commission has shown appreciation by sending a box of chocolate candies with a note thanking them for a great job. Corporal Milliner said Mobile, Alabama's motto is "Roll Tide," but he prefers the State of Missouri's motto "Show Me." He said verbal compliments would not pay his Alabama Power bill and he could not purchase groceries at Wal Mart with a "thank you" note. He said the Commission needs to give its employees a pay increase.

Karen Thornton, Sheriff's Department, addressed the Commission and said she works as a Corrections Officer at the Metro Jail. She said employees who work the 7-day work shift schedule do not receive full subsistence allowance like employees who work the 10-day work shift schedule. Officer Thornton said she was required to eat her lunch at her workstation, but employees who work the 10-day work shift schedule received their full subsistence allowance and also were permitted to leave their workstations or desks for breaks and lunch. She said the Commission could save money by not giving subsistence allowance to those employees who were permitted to leave their workstations or desks for lunch.

Sheriff Sam Cochran addressed the Commission and said he was speaking on behalf of County employees. He said he hoped the Commissioners felt the gut wretchedness he felt as he listened to the sufferings of County employees. Sheriff Cochran said in his six (6) or seven (7) years with the Sheriff's Department the County has a great group of employees throughout all departments. He said in his thirty-one (31) years of being in the merit system he was amazed at the strong cohesiveness demonstrated by County employees. Sheriff Cochran said as elected officials they need to burn the midnight oil, kick over some cans and think out of the box for ways to help their employees. He said it

September 23, 2013

was disturbing to know that in the nine (9) months they have worked on the employees health care insurance program Michelle Herman, Finance Director, had not been involved in the discussions until two (2) weeks ago. Sheriff Cochran said a month ago he sat through a demonstration with Ed Kahalley, Benefits Consultant, Gulf States Consultants & Administrators, Inc. d/b/a Alabama Administrator, who told him it was a possibility that the County could receive a \$2.6 million savings. Sheriff Cochran said they need to resolve the discrepancy about the savings and reach an agreement immediately because Mr. Kahalley told him that the County was losing forty thousand dollars (\$40,000.00) to fifty thousand dollars (\$50,000.00) per week. He said the Commissioners, Elected Officials and Department Heads have made severe budget cuts, but they need to consider cutting other services because they cannot continue funding County Government with their feet on the backs of County employees.

Sheriff Cochran recommended the Commission to continue the ten dollars (\$10.00) per day subsistence allowance, to approve a merit raise of two and one-half (2.50%) and to decide if they would keep the current health care insurance program or switch it. He said if they did not switch the current health care insurance program the rate increase would have a tremendous impact on employees' paychecks and that was unacceptable. Sheriff Cochran said in February, 2013, the Commission increased employees per diem from five dollars (\$5.00) to ten dollars (\$10.00). He said during that time they discussed equalizing subsistence allowance so all work shifts would receive the same per diem. Sheriff Cochran said they discussed the difficulties and were told that it would take some time, but now they are at the end of the year and it has not been done. He said that was what Corrections Officer Karen Thornton was speaking on. Sheriff Cochran said some of his employees were receiving fifteen dollars (\$15.00) per diem, twenty dollars (\$20.00) per diem and twenty-five dollars (\$25.00) per diem. He said it was imperative that those issues be resolved immediately.

Warden N. Trey Oliver, III, Metro Jail, addressed the Commission and said a pay raise of two and one-half percent (2.50%) was not the solution. He said employees have worked without adequate incentives for the last five (5) years. Warden Oliver said employees have suffered a loss of several paid holidays with health care insurance and retirement contributions increasing each year. He asked the Commission how do they measure progress? Warden Oliver said at the Metro Jail they measure progress in comparison to zero officers' fatalities, zero work loss due to accidents and to zero inmates' fatalities or injuries. He said they also measure progress in comparison to no lawsuits, no worker's compensation claims and less grievances. Warden Oliver thanked Sheriff Cochran for using his discretionary funds to purchase the Metro Jail's automated telephone system. He said a month ago they were manually documenting approximately eighteen hundred (1,800) to twenty-two hundred (2,200) incoming telephone calls to the Metro Jail which took several employees away from their regular duties. Warden Oliver said in the past they had to write on paper who, when and what jail floors had been walked every fifteen

September 23, 2013

(15) to twenty (20) minutes, but thanks to Sheriff Cochran using his discretionary funds; the system is computerized. He said the Metro Jail has not hired any additional Corrections Officers in nine (9) years and the workload has doubled. Warden Oliver said the jail was overpopulated, it has over eighteen hundred (1,800) inmates, seven (7) inmates in a jail cell that was designed for only two (2) inmates. He said Commissioner Hudson and Commissioner Carl have visited the Metro Jail and seen its deplorable conditions. Warden Oliver invited President Ludgood to visit the Metro Jail and personally witness the smell of foul odor in the air flowing from the inmates housing areas through the corridors causing more tension to officers' stress levels. He said he does not need a pay raise, but employees do, especially those who were single parents and heads of households. Warden Oliver said he implores the Commission to develop a plan to measure progress and also to upgrade the Metro Jail. He said the County Payroll Department requires him to complete his payroll on paper, he said that was not automation. Warden Oliver said he has one (1) Corrections Officer to maintain a jail floor of three hundred inmates and that was not good, it was not progress, it was a safety issue, it was a liability waiting to happen.

Myira Gina Pugh, Public Works Department, addressed the Commission and said she works in the Traffic Department. She said she has been a merit system employee for thirty (30) years. Ms. Pugh said the merit system should be an incentive that rewards employees for doing a good job. She said her crew covers three thousand three hundred thirty-six (3,336) roads, she has two (2) sign trucks and two (2) herbicide trucks to keep the vines cut, clean and herbicide. Ms. Pugh said they were understaffed, overworked and underpaid. She said new employees come and go like a revolving door. Ms. Pugh said employees need a pay increase; some of them were working two (2) and three (3) jobs just to provide a decent living for their families.

Donald Dixon, Public Works Department, addressed the Commission and said the County was like a family household that lives on a budget. He said a person pays their mortgage every month for over a thirty (30) year period and each year they have to use additional money for upkeep and repairs, if not, at the end of the thirty (30) years they would own a dilapidated house. He said the County's household was breaking down because money was not being put back into employees. Mr. Dixon said the Commission has to reinvest in its employees.

Pam Pope, Public Works Department, addressed the Commission and invited them to visit employees at a work location in their District to observe how hard they work. She said maybe then they would feel employees were worthy of a pay increase.

Ronnie Rogers, Building Maintenance Department, addressed the Commission and said two and one-half percent (2.50%) was only twenty-five dollars (\$25.00) of one

September 23, 2013

thousand dollars (\$1,000.00) and that amount would not fill a car with half a tank of gasoline. Mr. Rogers said they need to continue the additional five dollars (\$5.00) per day subsistence allowance. He said when good craftsmen were hired the idea of not ever receiving a pay increase hinders his ability to keep them.

Jaime Podratz, Public Works Department, addressed the Commission and said he was a dad of five (5) children, he has two (2) jobs, but most of the time three (3). He said the only reason he has remained with the County for ten (10) years was because of the employees health care insurance benefits which were slowly decreasing. Mr. Podratz said he was grateful to have a job, but the pay was ridiculous and horrible. He said employees need at least a ten percent (10%) pay increase.

Linda Cochran, Public Works Department, addressed the Commission and said they have an obligation to the County's infrastructure, but without dedicated employees it cannot be maintained. She said there was a lot of money the Commission was spending that was not appropriated or budgeted. Ms. Cochran said she challenges employees to start keeping track of how much money the Commission gives away. She said it was money that could be put toward employees' pay. Ms. Cochran said as elected officials the Commissioners need to reach an agreement to increase employees' pay.

Wanda Williams, Public Works Department, addressed the Commission and said she works at Camp 1 as an operator of a John Deere Tractor attached with a bushhog. She said the subsistence allowance was different for employees on the 10-hour 4-day work week schedule compared to those employees on the 8-hour 5-day work week schedule. Ms. Williams said her job was dangerous, this morning she placed warning flags along Padgett Switch Road to alert drivers they were working in that area and two (2) drivers were texting and drove their vehicles into the work zone. She said the Commission should consider a ban on texting while driving and impose fines for offenders and that would help bring new revenue into the County. Ms. Williams said the Commission could also impose a ban on sagging pants like an ordinance the City of Bayou La Batre recently passed making it illegal to wear sagging pants that exposed a person's skivvies. She said those were ways and means the Commission could give employees a pay increase. Ms. Williams said surrounding counties were flourishing, but Mobile County was standing still.

Wanda Labeaud, Public Works Department, addressed the Commission and said she works at Camp 1 with the Asphalt Crew. She said she works in 110 degree heat index to lay hot asphalt of 375 degrees Fahrenheit subjecting herself to heat exhaustion and passing out to receive a meager salary from the County. Ms. Labeaud said the employees should receive a ten percent (10%) pay increase in addition to the ten dollars (\$10.00) per day subsistence allowance. She said she works the 4-day shift and employees who work the

September 23, 2013

5-day shift receive more per day subsistence allowance. Ms. Labeaud said she was grateful to be employed with the County from 6:00 A. M. to 4:30 P. M. and she knew more about her employees everyday life than she knew about her own family. She said employees need a pay increase.

Mike McLarty, Public Works Department, addressed the Commission and said the "Invisible Man" is a novel by Ralph Ellison that was published by Random House in 1952. He said the protagonist in the novel tries various ways to improve his living status, but finally he gives up in despair. Mr. McLarty said many of his co-workers who maintain County roads and bridges were filled with despair, they have become invisible men. He said they felt forgotten, left behind, cast adrift living from paycheck to paycheck, not daring to look toward the future, for they know it holds more of the same of barely scraping by for them, their wives and their children. Mr. McLarty said those invisible men were seen at pawn shops, plasma centers and in shabby hotels with their families cramped in one room. He said today was his daughter's tenth (10th) birthday and he could not buy her a present today, but he hopes to buy her a present from his next paycheck. Mr. McLarty said he was thankful for what he has and it was not only about a pay raise, but also about human dignity.

President Ludgood said she must leave for a moment and Commissioner Hudson would chair the meeting.

Kenneth A. Roberts, Public Works Department, addressed the Commission and asked what were the criterions and policies that apply to employees attending Commission meetings? He said they were often given ultimatums that if they attend a Commission meeting and were not going to voice a comment they would have to complete a Leave Request Form. Mr. Roberts said the Commission needs to adopt a policy that allows employees to attend Commission meetings when an agenda item affects their livelihood. He said the Commissioners and employees were family, but one part of the family was living lavishly and the other part of the family was suffering, struggling and has to wait for the next paycheck to buy a gift for their child's birthday. Mr. Roberts asked when would they as a family come together and unite? He said the Commission needs to consider creating a category in the County's budget for employee pay raises. Mr. Roberts said it was detrimental and vital that the employees receive a raise and if the Commissioners would cut back on purchasing expensive vehicles that money could be used toward employee raises. He said they need each other and they should not cut off the nose to spite the face. Mr. Roberts said if employees were fired, laid off or furloughed Mobile County would suffer greatly and the cost to redeem those neglected areas would be twice as much.

Commissioner Hudson thanked employees for their comments and said the Commissioners do not go on lavish vacations. She said the Commissioners were in an impossible situation. Commissioner Hudson said budgeted revenues projected for FY 2014 General Fund were one hundred

September 23, 2013

twenty-one million eight hundred sixty-six thousand and eighty-five dollars (\$121,866,085.00) and budgeted expenditures for FY 2014 General Fund were one hundred twenty-two million four hundred twenty-eight thousand three hundred and ninety-three dollars (\$122,428,393.00). She said the only reason they were able to balance the County's budget was because of funds carried over. Commissioner Hudson said the Alabama State Law requires the Commission to balance the budget and it was only prudent to make decisions according to the projected budget numbers. She said it was very difficult, they have a lot of priorities before them, they have to keep all departments running and keep employees on the job. Commissioner Hudson said initially the Commission had considered switching the employees' health care insurance program to the Local Government Health Insurance Plan as a panacea that would provide enough savings to sustain the additional subsistence allowance of five dollars (\$5.00) per day and to also give employees pay raises, but it has not turned out that way this year. Commissioner Hudson said as elected officials it was their job to balance the budget and regardless of what was passed today, employees were their priority. She said if any savings materialize in the coming year it would be used to benefit employees whether it was in the form of a bonus or two and one-half percent (2.50%) increase in employees pay, but today the Commission must pass the FY 2014 Budget. Commissioner Hudson said a rumor has been spreading that the Commission spends large amounts of money on non-mandated expenditures, she said a few of those non-mandated expenditures were Mobile County Emergency Management Agency, Mobile County Emergency Medical Services Rescue Squad, Inc. and Mobile County Association of Volunteer Fire Departments Inc. Commissioner Hudson asked which one of those should they cut? She said they all were absolutely essential. Commissioner Hudson said the Commission decided that the additional five dollars (\$5.00) per day subsistence allowance was the most beneficial so they have taken economic development out of the budget and put it in the cigarette tax category to free up money in the General Fund. She said whatever money that can be saved during this coming year would be used toward employees.

Commissioner Carl said he has suggested several budget cuts and offered several ideas, but they were not accepted. He said management was the first hired and the first fired. Commissioner Carl said employees in lower level positions were the ones who keep Mobile County running and the Commission could not do without them. He said the Commission was doing all it could at the moment and would continue to do so throughout the coming year. Commissioner Carl suggested the Commissioners and all Department Heads hold a meeting to discuss cutting some of their fringe benefits. He said he appreciates the work employees do.

President Ludgood said the Commission sympathizes with employees in their financial frustrations and in their despair of not being able to see any upward mobility as employees of Mobile County. She said if she had a magic wand she would wave it to fix the financial issues they were

September 23, 2013

facing and would pay County employees liveable wages, but she does not have a magic wand and the Commission was locked into balancing a budget. President Ludgood said even if they adopt a budget today, the Commission would not stop looking for ways to compensate employees. She said the Commission has to live within its means and the current means only support the additional five dollars (\$5.00) per diem. President Ludgood said the Commission values its employees and they appreciate the work they do.

AGENDA #3

HOLD PUBLIC HEARING/FUND
BALANCE REPORT-08/31/2013

President Ludgood asked if any citizen of the County wanted an opportunity to be heard, for or against any item related to the Statement of Revenues, Expenditures and Changes in fund Balance Report, for the period ending August 31, 2013. (Act No. 86-414)

There was no response.

AGENDA #4

ADOPT RESOLUTION
APPROVING FY 2014 BUDGET

The following is a synopsis of the comments made:

Commissioner Hudson asked if the FY 2014 Budget included all recommendations that were discussed at the Commission's work session last week?

Michelle Herman, Finance Director, said FY 2014 Budget includes all recommendations that were supported by the majority of the Commission last week. She said it included the ten dollars (\$10.00) per day subsistence allowance. Ms. Herman said there was an increase in retirement and insurance expenditures. She said personnel expenditures have grown to two and one-half percent (2.50%). Ms. Herman said they balanced the budget by using a one time revenue from the sale of County property which causes them to be structurally unbalanced. She said using the one time revenue stresses the Commission's persistence and determination to do as much as they can to support employees and everything else in the FY 2014 Budget. Ms. Herman said the FY 2014 Budget could be amended in the fiscal year.

Commissioner Hudson asked if they were dependent on the entire projected carry over to balance the FY 2014 Budget?

Ms. Herman said they were depending on the projected carry over of one million dollars (\$1,000,000.00), the one time revenue from the sale of County property of one million dollars (\$1,000,000.00) and a transfer of a little over three million dollars (\$3,000,000.00) from funds that were supposed to cover economic development for FY 2014.

Commissioner Carl asked if subsistence allowance of ten dollars (\$10.00) per day was an addition to the existing five dollars (\$5.00) per diem?

Ms. Herman said no.

September 23, 2013

Commissioner Carl said they were only giving employees what they already were receiving.

Ms. Herman said initially, subsistence allowance was five dollars (\$5.00) per day and in January, 2013, the Commission adopted a resolution that increased subsistence allowance from five dollars (\$5.00) per day to ten dollars (\$10.00) per day for each day worked, beginning in February, 2013 and ending on the last payday in September, 2013. She said the Commission was continuing the subsistence allowance of ten dollars (\$10.00) per day in the FY 2014 Budget.

Commissioner Carl asked if the subsistence allowance was properly coded in the payroll program for employees who work the 10-hour 4-day work week schedule?

Ms. Herman said they have not incorporated any equalization cost in the budget for FY 2014.

Commissioner Hudson asked what was the cost to equalize the payroll program?

Ms. Herman said approximately five hundred thousand dollars (\$500,000.00).

Commissioner Carl said employees who work the 4-day work week schedule were shortened one (1) day of subsistence allowance. He said the Commission had previously discussed that this problem would be fixed through the payroll software.

John Pafenbach, County Administrator, said the payroll software was ready, it has been designed and tested.

Commissioner Carl asked why have they not equalized subsistence allowance?

Commissioner Hudson said they do not have an additional five hundred dollars (\$500,000.00) in the budget.

Ms. Herman said they would have to find funding from another source.

Commissioner Hudson said they were already out on a limb in balancing the FY 2014 Budget and if the revenue picture changes she would definitely like to move forward to make those corrections.

Commissioner Carl said the Commission told employees nine (9) months ago it would be corrected. He said employees were the ones being penalized.

Commissioner Hudson said it was not from a lack of wanting to do it, but it was from a lack of revenue. She said it would be reckless and irresponsible to add cost to a budget that was already stretched and dependent on a one time revenue to balance it.

Commissioner Carl asked if any monies have been taken from the Education District Funds?

September 23, 2013

Ms. Herman said they have not taken any additional monies from the Education District Funds for FY 2014 Budget.

Commissioner Carl asked if each of the Commissioners have three hundred thousand dollars (\$300,000.000) of Education District Funds for FY 2014 Budget?

Ms. Herman said yes.

Commissioner Carl said they could use five hundred thousand dollars (\$500,000.00) of their Education District Funds as a source of revenue to fund the equalization process.

Commissioner Hudson said she was in favor of reducing the Education District Funds to an amount that would fund the equalization of the subsistence allowance.

Commissioner Carl said he seconded that motion.

President Ludgood said it was a decision that each Commissioner should make individually. She said she has the most and the poorest schools in the Districts. President Ludgood said the money in the Education District Funds was to help provide equipment, materials and other related education items for students whose parents could not offer financial support like other parents with students in more affluent schools. She said without those funds students in her District would not have computers, iPads and Smartboards which were equipment other schools take for granted. President Ludgood said the Education District Funds was a funding stream that generates from the collection of taxes of the Mobile County School Board and the Commission made an agreement to use those monies for educational purposes. She said a portion of the money goes into the General Fund and a portion of it goes to help schools. President Ludgood said every year by the end of the year she has more requests than she has money to accommodate which is a priority. She said if the Commission decides to use the Education District Funds the schools in her District were most vulnerable, they would not be able to function and the teachers would lack the resources that affluent schools have to help their students. President Ludgood said some people have a lot of money left over at the end of the year in their Education District Funds, but she does not, she spends it in schools.

Commissioner Hudson said she agrees with President Ludgood and their Education District Funds were well spent. She said they have spent the funds toward all the items she has mentioned for the schools in their Districts. Commissioner Hudson suggested the Commission revisit this matter of using the Education District Funds and to not act in haste, but she was willing to look into it.

Commissioner Carl asked Commissioner Hudson what was she willing to do?

September 23, 2013

Commissioner Hudson said she was willing to look at how they could plug the gap to correct subsistence allowance for employees on the 4-day work week schedule, but they needed to have exact numbers before it was applicable.

Commissioner Carl said his three hundred thousand dollars (\$300,000.00) in Education District Funds could be used toward correcting equalizing subsistence allowance for employees on the 4-day work week schedule.

Commissioner Hudson said this matter would have to be considered before the Commission could adopt a resolution and they have time between now and the next meeting to formalize a plan.

Ms. Herman said if the budget was approved today, they could do an amendment. She said the Education District Funds available were listed in the budget report.

License Commissioner Kim Hastie asked if it was a budget cut in personnel?

Commissioner Hudson said there was a three percent (3.00%) attrition cut.

Ms. Herman said there was a three percent (3.00%) cut to bi-weekly payrolls.

License Commissioner Hastie asked if it applied to their existing payroll?

Ms. Herman said yes.

Joe Ruffer, County Engineer, asked if it included the Road & Bridge Departments?

Ms. Herman said yes.

License Commissioner Hastie asked if her personnel budget has been cut four (4) of the five (5) years she has been License Commissioner?

President Ludgood said she was elected to the office of License Commissioner at a time of economic downturn.

Sheriff Sam Cochran said the FY 2014 Budget does not have the two and one-half percent (2.50%) merit raise, it only has reinstatement of employees per diem.

Commissioner Hudson said the per diem was due to end in the last paycheck of September, 2013. She said the five dollars (\$5.00) per day additional subsistence allowance was first proposed as a bonus for employees. Commissioner Hudson said the Department Heads and Elected Officials approached the Commission and said employees would prefer to have it as additional per diem with the knowledge that it would end at sunset in the last paycheck of September, 2013. She said in the budget for FY 2014 the Commission has made the additional five dollars (\$5.00) per diem permanent.

September 23, 2013

Commissioner Hudson moved, seconded by President Ludgood, that the Board adopt the following resolution:

WHEREAS, it is the desire of the Mobile County Commission to adopt a budget for the operation of the Mobile County government, including the General Fund and the Road and Bridge Fund, and

WHEREAS, it is also the intention to make certain appropriations and approve contracts necessary to expend funds authorized in the budget, now, therefore, be it

ADOPT RESOLUTION AND ORDER APPROVING ISSUANCE
AND SALES TAX-EXEMPT BONDS/ST. PAUL'S EPISCOPAL
SCHOOL ATHLETIC FACILITIES PROJECT/INDUSTRIAL
DEVELOPMENT AUTHORITY OF MOBILE COUNTY

The following is a synopsis of the comments made:

Jay Ross, County Attorney, said the Springhill College Educational Building Authority of Mobile (St. Paul's Episcopal School Athletic Facilities Project) was seeking to refinance some existing debt. He said the Commission has done it before with St. Luke's Episcopal School. Mr. Ross said they would use Balch & Bingham, LLP, Bond Counsel, who would process it through the Industrial Development Authority of Mobile County. He said the Alabama State statute requires the Commission to approve it for them to obtain the tax-exempt status. Mr. Ross said it was not

September 23, 2013

indebtedness against the County in any way, shape or form.

Commissioner Carl asked if the Commission was waiving taxes?

Mr. Ross said no. He said the entity was tax-exempt already so there was no waiving or abatement of any taxes. Mr. Ross said they were allowed to use more than one statutory method to do it and they were using the Industrial Development Authority of Mobile County instead of creating their own separate Board.

Commissioner Hudson moved, seconded by Commissioner Carl, that the Board adopt the following resolution:

RESOLUTION AND ORDER APPROVING THE ISSUANCE AND SALE OF \$3,300,000 MAXIMUM PRINCIPAL AMOUNT TAX-EXEMPT OBLIGATION (ST. PAUL'S EPISCOPAL SCHOOL PROJECT) OF THE INDUSTRIAL DEVELOPMENT AUTHORITY OF MOBILE COUNTY FOR THE PURPOSES OF SECTION 147(F) OF THE INTERNAL REVENUE CODE

- B. For the purpose of this Section Five, the definitions incorporated from Section 40-23-1, as hereafter amended, pursuant to Section One shall apply, except that the term "gross receipts" shall mean the value proceeding or accruing from the renting of rooms in hotels, motels, tourist courts, tourist cabins, condominiums, lodging houses, rooming houses, or any other place in which rooms, lodgings, or accommodations are regularly furnished to transients for a consideration for periods of less than one hundred eighty (180) continuous days, including any separate charges for televisions, air-conditioning equipment, or other personal property or services furnished in the rooms or lodgings for which a separate charge is made in addition to the charge for the use of the rooms or lodgings, and without any deduction for the cost of the materials used, labor, service cost, interest paid, or any other expenses whatsoever, and without any deductions on account of losses.
- C. as a penalty one percent of the amount of the tax due if the failure to pay is for not more than one month, with an additional one percent for each additional month or fraction thereof during which failure to pay continues, not exceeding 25 percent in the aggregate. In lieu of the penalty provided in the immediately preceding sentence, for any tax for which a monthly or quarterly return is required, or for which no return is required, the County License Officer shall add a failure to timely pay penalty of 10 percent of the unpaid amount shown as tax due on the return or the amount stated in the notice and demand.

(iii) The penalties provided in this section are not exclusive and the right is reserved to the County License Officer to assess any penalty outlined in Section 40-2A-11, Alabama Code (1975), in accordance with said statute.

- A. Any taxpayer that possesses a direct pay permit issued by the Alabama Department of Revenue shall pay to the County the sales and use taxes and other County taxes pursuant to the direct pay permit in accordance with the rules and regulations promulgated by the Department of Revenue.
- B. In instances where the Mobile County Commission determines that it is practically impossible at the time of purchase of tangible personal property by manufacturers or shipbuilders, for their vendors to determine with any degree of certainty the applicability of the license tax imposed by the provisions of this resolution and order, the said county commission, upon application therefor, may issue a permit to such manufacturer or shipbuilder authorizing the purchase of tangible personal property without the payments to the vendor of the license tax herein imposed, and providing for such manufacturer or shipbuilder to report and pay such licensing measure directly to the County. Said permit shall be issued subject to the following conditions:
 1. The holder of such permit shall report such license tax upon forms provided by the County, and shall pay said license tax directly to the County, reporting and paying monthly on or before the 20th day of the month following the month during which such tangible personal property was used for a purpose which would be subject to the license measure herein imposed.
 2. The holder of such permit shall be required to keep such books and records as may be necessary to determine such license tax liability, which records shall be subject to examination by the County License Officer, or his or her duly authorized representative.

Said permit shall not be transferable, and may be canceled upon notice by registered mail to the holder thereof.
